DESCRIPTION:

DIGITAL PRINTING ACCEPTABLE.

For Cover 1, at contractors option, the product may be produced via conventional offset or digital printing provided Quality Level III standards are maintained. Final output must be a minimum of 150-line screen and at a minimum resolution of 1200 x 1200 dpi x 1 bit or 600 x 600 dpi x 4-bit depth technology. Digital device must have a RIP that provides an option for high quality color matching such as Device Links Technology and/or ICC Profiles. NOTE: Contractor must produce the entire job either conventional offset or digital printing; split production methods are not acceptable without prior approval.

For Cover 2 and 4 and the text pages, at contractors option, the product may be produced via conventional offset or digital printing provided Quality Level III standards are maintained. Final output must be a minimum of 150-line screen and at a minimum resolution of 1200 x 1200 dpi x 1 bit or 600 x 600 dpi x 4-bit depth technology. NOTE: Contractor must produce the entire job either conventional offset or digital printing; split production methods are not acceptable without prior approval.

Cover 1 prints a solid bar which bleeds on left and right, type/rule matter, and agency logo in Pantone Reflex Blue with some text reversing out to white. *If printing cover digitally, contractor must achieve a close match of Reflex Blue (and adjust artwork as needed).

Cover 2, 4 (prints ISBN barcode) and Text prints head to head with type/rule matter in black ink only.
Cover 3 is blank.

ARTWORK: Contractor must extend bleeds on Cover 1. On Cover 2 and Text, Contractor to convert any four-color process/RGB to grayscale. Contractor to add ISBN and 'for sale' line per instructions. All copies must have the ISBN barcode and the for sale line. Contractor must add a single blank space between Harmonized and Tariff on Cover 1.

BINDING: Collate printed front cover and blank back cover with text. Drill 3 round holes 5/16" in diameter 4-1/4" center to center; centered on the left 11" side; center of holes 3/8" from left edge of sheet (or suitable without loss of information). Ensure holes are consistent and match throughout the book and final product can be placed in a 3-ring binder. Since final product 3-hole drills, contractor must verify that page margins are sufficient for drilling without hitting page text. Contractor to notify agency of any margin insufficiency prior to proofing and printing.

DIGITAL DELIVERABLES: Upon completion of the order, the contractor must furnish final production files converted to a single simple Acrobat PDF file "Optimized for Press" with proper color mode with the furnished material. The digital deliverables must be an exact representation of the final printed product and be emailed to the agency.

MATERIAL FURNISHED: Contractor to receive. Via email and GPO filesharing site after award.

MARGINS:

Cover 1: Inadequate Gripper, bleeds on left and right. Follow furnished electronic media.

Cover 2 and Text: Adequate Gripper. Follow furnished electronic media.

PROOFS:

E-MAIL PROOFS (indicate margins): **CONTRACTOR MUST NOT PRINT PRIOR TO RECEIVING AN "OK TO PRINT"**. One set of E-Mailed Electronic Page Proofs. Contractor to submit one Press Quality PDF soft proof (for content only) using the same Raster Image Processor (RIP) that will be used to produce the final printed product. PDF proof will be evaluated for text flow, image position, and color breaks. Proof will not be used for color match.

E-Mailed proofs (marked with Jacket/Req. Number plus return name and E-Mail address) directly to the Agency at Nathaniel.Gates@usitc.gov, Janet.Freas@usitc.gov and cc: tsankey@gpo.gov. Contractor must call GPO Contract Compliance Section at (202) 512-0520 immediately upon E-Mailing proofs and immediately upon receiving the returned proofs (or OK E-Mail) back from the Department. Proofs will be withheld not more than 2 workdays from receipt at the Department to receipt in the contractor's plant.

AFTER EMAIL PROOF APPROVAL:

Pre-production Samples

Prior to the commencement of production of the contract production quantity, the contractor shall submit samples to the agency (address below). One (1) sample will be tested for conformance of material(s). One (1) sample will be tested for usage on the specified equipment and/or for construction.

The container and accompanying documentation shall be marked **PREPRODUCTION SAMPLES** and shall include the GPO jacket, purchase order, and program numbers. The samples must be submitted in sufficient time to allow Government testing of the samples and production and shipment in accordance with the shipping schedule.

The Government will approve, conditionally approve, or disapprove the samples within 3 workdays of the receipt thereof. Approval or conditional approval shall not relieve the contractor from complying with the specifications and all other terms and conditions of the contract. A conditional approval shall state any further action required by the contractor. A notice of disapproval shall state the reasons therefor.

If the samples are disapproved by the Government, the Government, at its option, may require the contractor to submit additional samples for inspection and test, in the time and under the terms and conditions specified in the notice of rejection.

Such additional samples shall be furnished, and necessary changes made, at no additional cost to the Government and with no extension in the shipping schedule. The Government will require the time specified above to inspect and test any additional samples required.

In the event the additional samples are disapproved by the Government, the contractor shall be deemed to have failed to make delivery within the meaning of the default clause in which event this contract shall be subject to termination for default, provided however, that the failure of the Government to terminate the

contract for default in such event shall not relieve the contractor of the responsibility to deliver the contract quantities in accordance with the shipping schedule.

In the event the Government fails to approve, conditionally approve, or disapprove the samples within the time specified, the Contracting Officer shall automatically extend the shipping schedule in accordance with Contract Clause 12, "Notice of Compliance With Schedules," of GPO Contract Terms (GPO Publication 310.2, effective December 1, 1987 (Rev. 01-18)).

Manufacture of the final product prior to approval of the sample submitted is at the contractors risk. Samples will not be returned to the contractor. All costs, including the costs of all samples shall be included in the contract price for the production quantity.

All samples shall be manufactured at the facilities in which the contract production quantities are to be manufactured.

All expenses incidental to submitting proofs, furnishing samples and returning materials, must be borne by the contractor.

QUALITY ASSURANCE LEVELS AND STANDARDS: The following levels and standards shall apply to these specifications:

Inspection Levels (from ANSI/ASQC Z1.4):

- (a) Non-destructive Tests -- General Inspection Level I.
- (b) Destructive Tests -- Special Inspection Level S-2.

Specified Standards-- The specified standards for the attributes requiring them shall be:

ATTRIBUTE	SPECIFIED STANDARD
P-7. Type Quality and Uniformity	Prior to production Samples/Furnished Electronic File
P-9. Solid and Screen Tint Color Match	Pantone Matching System
P-10. Process Color Match	Prior to production Samples/Furnished Electronic File

Prior to award, contractor may be required to provide information related to specific equipment that will be used for production.

PREAWARD SURVEY: In order to determine the responsibility of the prime contractor or any subcontractor, the Government reserves the right to conduct an on-site preaward survey at the contractor's/subcontractor's facility or to require other evidence of technical, production, managerial, financial, and similar abilities to perform, prior to the award of a contract. As part of the financial determination, the contractor in line for award may be required to provide one or more of the following financial documents:

- 1) Most recent profit and loss statement
- 2) Most recent balance sheet
- 3) Statement of cash flows
- 4) Current official bank statement
- 5) Current lines of credit (with amounts available)
- 6) Letter of commitment from paper supplier(s)
- 7) Letter of commitment from any subcontractor

The documents will be reviewed to validate that adequate financial resources are available to perform the contract requirements. Documents submitted will be kept confidential, and used only for the determination of responsibility by the Government. Failure to provide the requested information in the time specified by

the Government may result in the Contracting Officer not having adequate information to reach an affirmative determination of responsibility.

PAYMENT: Submitting invoices for payment via the GPO fax gateway (if no samples are required) utilizing the GPO barcode coversheet program application is the most efficient method of invoicing. Instruction for using this method can be found at the following web address:
<http://winapps.access.gpo.gov/fms/vouchers/barcode/instructions.html>.

Invoices may also be mailed to: U.S. Government Publishing Office, Office of Financial Management, Attn: Comptroller, Stop: FMCE, Washington, DC 20401.

For more information about the billing process refer to the General Information of the Office of Finance web page located at <https://www.gpo.gov/how-to-work-with-us/vendors/how-to-get-paid>.

NOTE: Vendors are expected to submit invoices within 30 days of job shipping/delivery.
