The jacket implies that we must print on a commercial and non-digital press - we want to print this job digitally as we do for all GPO jobs we have done for all the other GPO offices and for the Navy. We will print with Black ink (min 600 X 600) and Color Ink (2400 x 2400). 2. Proofs will be printed on a digital press. 3. Issue on Page 2, Paragraph 7 - "ISBN barcode must be printed in black ink at the bottom of last text page (page 1308)" - but the Book only has 276 pages? 4. Trim Size - Text (6 9/16" X 9 1/2"), Case (7" X 10"), Dust Jacket (6 3/4" X 15 1/4") - The dust jacket is shorter than the case of the book by 1/4" of an inch. 5. Location on Production Facilities - the jacket states that companies must be within 60 miles of DC - with respect why is this a requirement? We are a Veteran-owned printer in Dayton, Ohio and we print for many GPO offices from there and we are completely Made in the USA. We print for the Navy, USAF, Army, Marine Corps, Congress, FBI, other parts of the DOJ, the intelligence agencies and we do this from Dayton, OH. We suggest that requiring the book printer to be within 60 miles is above the minimal government
